PROMINENT BANKERS **COME OUT FOR TANLAC**

Two Well-Known Bankers of the South Voluntarily Write Strong Letters of Indorsement to Tanlac Office at Atlanta on the Same Day Telling What It Had Done for Them.

ON MARCH 7th personal letters from prominent bankers in two seathern states were received at the Taniac office. These, like hundreds of thousands of other communications that have been pouring in with every delivery of the mail for the past year or more, express the writers, high appreciation of the merits of lanlac, as proven by their own experience with it.

The first letter quoted comes through
Eli W Goode, druggint and local agent
for Tambac at Hawkinsville. Georgia,
containing the statement of E. J.

of the best known financial institutions in that part of the state. His
letter follows, finit as it was written.

I know that there are at least a thousand people in this city who would be gind to endorse Tamine, and what is true of that city is frue of practically every other city of the south and west. In fact, throughout the entire country wherever this medicine has been sold.

The fame and popularity of Tanlac, as everyone knows, has swept over the whole country like wildfire and is now a household word from coast to coast. Although placed on the market a lit-die over two years ago over seven million bottles have already been sold, and the demand is constantly increas-ing.
